# PREFACE

Since 2009 this effort to address poverty through skill development and training has resulted in the enrollment of over 467,000 through 424 training providers in nearly 400 trades. More than 323,000 trainees have been graduated through these trainings. This program, which was initially Benazir Bhutto Shaheed Youth Development Program (BBSYDP) and has now become a Board i.e. Benazir Bhutto Shaheed Human Resource Research and Development Board (BBSHRRDB), is a success in multiple ways.

BBSHRRDB has mobilized large portion of public and private sector facilities to provide quality training in variety of trades. The outreach of this program is to every corner of Sindh. Our trainings are either going on or had been conducted in each and every single district of the province. Despite having very low exposure in print and electronic media, the training program under BBSHRRDB is being recognized by the industry. On the employment side, sincere efforts are made to make employment opportunities available to the graduated trainees. 32.8% employment rate is the one which has been reported only through contract mechanism.

In 2013, the parliament had passed the act to establish this Board. One of the explicit deliverables of the Board according to BBSHRRDB Act, 2013, is to publish Annual Alumni Directory. This report for Phase XIV is in compliance to the requirement of Act. This Alumni Directory intends to provide necessary information regarding the trainees who have completed the training duration, in order to facilitate industry / employers to identify and select the required workforce which has proper skill set necessary for a particular position in a particular sector or industry.

The directory is arranged by trades in alphabetical order. Under each trade, district wise data is available which is again arranged by names of institutes. The list of trainees is arranged in a way that female trainees are on the top of the list. The list of female and male trainees are again arranged in alphabetical order. We do not have grades as we believe that every graduate of BBSHRRDB has complete skills to successfully perform in the industry.

The selection of trainees is easy for an employer. Interested employers will communicate to our headquarters the ID Number and Name of the trainee; and we will pass the employer's information to the intended trainees with the offer to submit their credentials / resume for the job, to the employer. Alternatively, employers may contact us with the required skills and qualification for the job and we will disseminate the info to the graduates in our pool. This directory is also available in the soft form at our website. We believe this effort may trigger mass skill matching and the information gap in this regard may successfully be eliminated.

**SECRETARY**

## **SALIENT FEATURES OF TRAINEES' DIRECTORY PHASE XIV**

- Total 23565 trainees
- 87 trades
- 34% female participation
- 61% participation from rural majority districts
- Data spans over 27 districts of province
- Total 318 Training Providers
- 44% Matriculates, 48.8% Intermediates, 3.2% Graduates,  
0.6% Postgraduates/Masters and 3.4% Others.
